

# Cool 4 Kids

Fun • Family • Music

**COOL 4 KIDS** is an innovative Children's Entertainment Education Service developed by experienced teacher musician Tony Genovese BEd (Music).

It provides energetic, highly interactive theme-based Musical Concerts and a variety of Creative Workshops such as Song Writing, Instrument Making, Cooking and Craft.

Tony has performed internationally in Italy and Hong Kong and toured extensively throughout South Australia, Queensland, Western Australia, Victoria and New South Wales.

His skills have been utilized at various community events such as Festivals, Christmas Carols and Show Days right through to educational settings such as 'Artist in Residence Projects', Concert planning and preparations, Primary

Schools, Kindergartens, Preschools, Libraries, Child Care Centres and Playgroups.

All shows are packed with special activities such as singing, dancing, instrument playing, puppetry and dress ups. Now available as a 3 piece band!

**COOL 4 KIDS'** debut album '*Opening Doors*' has just been released independently and allows children and families to explore aspects of their daily lives.

Tony plays the guitar, keyboard, percussion instruments and uses costumes and props to satisfy childrens' curiosity. Children easily indentify with the subject matter in his original music. Performances incorporate many all time favourite children's songs.

Highly suitable for children aged 0-12 years and their families. **COOL 4 KIDS** provides a truly entertaining and educational experience!

**Bookings and further information can be obtained from:**
